BostonNEW RATE IS AID
TO VALLEY FARMERSWill Enable Them to Ship Product to
California, Where Crop Is Re-
ported Short.

Alfalfa growers of the Rio Grande valley are to be greatly benefited by a new alfalfa rate of \$12 per car to California points, which the Santa Fe railroad has put in effect. This is for all points north of El Paso, including Belen, to all points in California.

The California alfalfa crop is small and it is reported that \$25 a ton is being paid for the product there, while not quite half that amount is the price paid in the upper valley.

This is another forward step taken by the Santa Fe railroad to give the Mesilla valley farmers the benefit of low rates to a good market.

HOME FIRE INSURANCE
COMPANY IS PROPOSED

A home fire insurance company with a capital stock of \$200,000, fully paid, is the project that H. H. Hendrick, of Roswell, N. M., wants to launch in El Paso. Mr. Hendrick says the home company ought to be doing a good business by October 1. El Paso, he stated, was the only city in Texas of any size that did not boast of a home insurance company. Mr. Hendrick will explain the proposition in detail to the chamber of commerce Thursday.

For nine years Mr. Hendrick has been in the banking business at Memphis, Tenn. He has lived in Roswell four years.

OVER THE INSTITUTE

Petition Asks That Property Be Acquired by County and Deeded to the State for School of Mines.
A petition for the county to take over the El Paso Military Institute property and deed it to the state for the school of mines has been placed in the office of H. A. Stevens and signers have been obtained from the banks and a number of the business men. If a sufficient number of names of property owners is signed to this petition, the county commissioners have signified their willingness to take over the property of the Military Institute and deed it to the state for the home of the newly created School of Mines. This petition must be signed by the required number of property owners before July 1.

YEE CHARGED WITH
SELLING ON SUNDAY

Charlie Yee, who runs the Occidental restaurant at 303 south Stanton street, was arrested by the detectives Tuesday morning and docketed on a charge of selling liquor on Sunday. Two cases were made out against the defendant and the bond in each case placed at \$100, pending his trial which will come up in the corporation court. It is alleged that Yee sold a bottle of whiskey at his restaurant Sunday morning, and two bottles of beer that night.

Keeping the Body in Repair

Nature intended that the body should do its own repairing—and it would do so were it not for the fact that most of us live other than a natural life.

Nature didn't intend that we should wear corsets, tight collars or shoes, nor live in badly ventilated and draughty houses, nor eat and drink some of the things that we do, nor ride in street cars when we should walk. The consequence is that the body when it gets out of order must look for outside help to make the necessary repairs.

For weak stomachs and the indigestion or dyspepsia resulting, and the multitude of diseases following therefrom, no medicine can be more adaptable as a curative agent than DR. PIERCE'S GOLDEN MEDICAL DISCOVERY.

This famous Doctor's prescription has been recommended for over 40 years, and is today just as big a success. Restores a healthy appetite. Cleanses the blood. Strengthens the nerves. Regulates stomach and liver. Demand the original.

J. BIRD HOLMAN
DIES IN AUSTINInjury Received When a Child Carries
Death of Former El Paso
Deputy Sheriff.

Tuesday morning judge Adrian Foot received a telegram announcing the death of J. Bird Holman, aged 26 years, that morning at Austin, Tex., the deceased's home. Up to the time of his death Holman held a commission under sheriff Peyton J. Edwards as deputy sheriff.

When he left El Paso last August for Austin, the sheriff would not accept his resignation, stating that if Mr. Holman returned to El Paso the position would still be open to him.

Holman had lived in El Paso about three years, coming here from Alpine, where he spent one year. He lived two years at Marathon. In El Paso Holman first entered the real estate business and left that to become a deputy sheriff, the latter offering a life in the open. As the result of falling on a lead pencil when young, Holman's health has never been good. He always complained that the lead was in his lungs, and several operations were performed in the effort to locate it, but it could never be found. Before leaving for Austin he was confined in one of the local hospitals for several months, critically ill at one time.

He was a member of the local orders of Elks and Beavers. Interment will be made this afternoon in the family burial lot at Austin.

MARY SWAZEY.
Mary Swaze, six-months old daughter of Mr. and Mrs. H. N. Swaze, of 613 Texas street, was buried in Concordia cemetery Monday afternoon. Services were held in the chapel at 508 Texas street at 3:30 Monday afternoon. The child died Sunday.

BUILDING PERMITS
FOR MAY \$218,252During Month 114 Permits Are Issued,
Including 17 Buildings, Many
Sleeping Porches Built.

The sum of \$218,252 represents the total valuation of the building permits issued for the month of May. In all, 114 permits were issued. The first National bank building, coming in for \$127,767, heads the list. The largest single permit granted. One two-story residence, to cost \$9800, is next.

Summer preparations had a big share in the total valuation. Forty El Pasoans took out permits to build additions to their homes in the way of sleeping porches.

Seventeen permits were issued for the erection of bungalows. The rest of the permits were taken out for the building of garages, making repairs and other changes.

DENY MONOPOLY OF
TEXAS OIL TRADEAttorneys Admit the Bulk of Magnolia
Company Stock Is Held by
Archbold and Folger.

Cordeana, Tex., June 2.—Attorneys here representing oil companies involved in the Texas \$10,000,000 penalty and ouster suit against Standard Oil interests said today they admit the bulk of stock of the Magnolia Petroleum company of Texas is owned by D. Archbold and H. C. Folger, of New York.

They said Mr. Archbold and Mr. Folger hold this stock merely as individuals and that stockholders had neither violated any anti-trust laws nor attempted to monopolize the oil business in Texas.

BURIED POWDER
SEIZED BY POLICE

Constables Domingo Montoya and T. G. Giron Montoya today unearthed 150 pounds of powder and dynamite and 2000 dynamite caps.
The combustible were buried near the river bank between the Mexican Central and North Western railways, and are said to have been placed there some time last year. Several attempts were made, the officers say, to smuggle the dynamite across the river. Montoya and Giron five men made an attempt when the constables discovered the hiding place of the dynamite. The men made their escape to Juarez. It is believed. What was to have been done with the dynamite is not known.

ROOF GARDEN OF
PASO DEL NORTE OPEN

The roof garden of the Paso del Norte hotel was opened Monday night and attracted a large number of people. Far above the heat and dust of the city, it is always cool of evenings on the Paso del Norte roof, and looking out over the city at the myriad of lights in all directions, it is a beautiful picture.

Moving pictures were shown on a screen on the roof and the guests who desired to dance were permitted to do so in the beautiful ballroom of the new hotel. The hotel orchestra furnished music.

The roof garden will continue open all summer and, besides the music, dancing and pictures, refreshments, solid and liquid, are served.
